PRIMARY EXAMINER

1. The following is an examiner's statement of reasons for allowance: the cited prior does not clearly teach or discloses "object transfers accepted at the receiving device are transferred to persistent memory and processed, whereas object transfers deleted at the receiving device are deleted from temporary memory without being processed or save to persistent memory". Prior art discloses a sender deleting a message, rather than enabling a user at the receiving device to be notified of a received object and to have the opportunity to accept or delete the object.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kamini S. Shah whose telephone number is 571-272-2279. The examiner can normally be reached on IFP.
